£ 40,000 - £ 70,000 per annum

Belfast

Doctors

Permanent

Job Description:

Stunning location, scenery and great lifestyle!

Superb working conditions

Stunning location

Free/Subsidized Accommodation

Relocation support

Excellent career development

Duties/Responsibilities:

To provide a first class clinical service to all patients

Provide high quality care to patients, especially primary diagnosis and initiating emergency treatment

The clinical duties include all those that are normally expected in any major Emergency Department in the UK. Duties will include daytime, evening, night and weekend shifts -

Participation in 24/7 shift rota

Hands-on involvement with the medical take, ensuring the timely development of appropriate management plans for patients.

Supervision and co-ordination of junior doctors within the unit

Teaching, supervision and development of Junior medical and non medical staff

Provide sufficient information to colleagues during handover to ensure consistency of care

Some administrative work, such as reviewing x-ray forms, auditing of nurse practitioner work and SHO clerking is required on a regular basis to be done in normal duty hours.

To develop professionally and take part in all service development

To work towards and comply with National emergency medicine targets

To perform ad hoc duties in occasional emergencies and unforeseen circumstances at the request of the Consultant

Person Specification:

Full GMC registration with a license to practice

MBBS/MBChB (or equivalent)

Full/Part MCEM / MRCEM (UK) or PLAB 1&2

Minimum 3 years full time post graduate experience

Minimum 18 months continuous emergency medicine experience

Efficiency in teamwork and equally good communication skills
